## FRENCH SUCCESS TO CHANGE WHOLE SERBIA CAMPAIGN

Paris, Oct. 29.—The correspondent of the Times News Agency Athens telegraphs under Thursday's date that the aspect of operations on the Serbian front is changing since the French successes at Veles and Stranica. The French, he says, are on the defensive while the French and Serbians are able to take the offensive northward from the Nish railroad.

A big battle is expected in the neighborhood of Isip, toward which the French-Serbian army is marching. The Bulgarians are entrenching themselves on the heights around the town.

Advices from Sofia say that a meeting of military parties called to protest against bombardment of Dedeaqach and Plovdiv has been dissolved during which subjects of the entente powers were severely handled.

At Burgas and Stara Zagora there was a demonstration by Bulgarian women against the war, the women crying, "Give us back our men. We want bread." Police who interfered were received with showers of stones and troops had to be called before order was restored.

A despatch from Saloniki says that a Bulgarian column moving toward Katsink and Mitrovitsa is seeking to join hands with the Austrians who have crossed the Drina. News from Constantinople, said to be authoritative, says that the anti-German movement is growing daily and that Ahmed Risa, leader of the Young Turk party who wished to interpellate regarding Turkey's reasons for entering the war was not permitted to do so. The government has forbidden senators and deputies to discuss the Turkish foreign policy.

Fresh Armenian massacres are reported in the region of Ourfa.

### FORMER STUDENTS TO GREET JENNINGS AT Y. M. C. A. LECTURE

J. R. Jennings, who conducted classes in salesmanship in the Y. M. C. A. in Bridgeport, Hartford, New Britain, Springfield and Worcester last year, arrived in this city today. This evening at 8 o'clock he will give a short talk at the association on "Personality in Business."

It is expected that a number of last year's students, with whom Mr. Jennings was very popular, will come out tonight to hear him. Several con-

ference have also been arranged for men who wish to interview Mr. Jennings personally.

Mr. Jennings has only recently returned to New England from New York state, where he conducted summer classes for more than 100 men in salesmanship and business efficiency.

He is a native of Iowa, where he successfully conducted classes in the same subject before coming to New England a year ago. He is an experienced salesman as well as a teacher, having been the star salesman for a well known concern handling a leading specialty before he took up the work of leading classes in that subject.

Mr. Jennings is perhaps the only man in the country giving his entire time to the work of instructing classes in salesmanship and business efficiency. Last year on his New England circuit he conducted a total of nine classes simultaneously, one each evening in the five cities mentioned above, and four en route in the day time.

The lecture tonight is free to all men in the city interested in developing a strong personality in business.

Paw—No, not all of them, my son. Some of them are bachelors.  
Maw—Willie, you go to bed right this minute.

"She has to," replied the husband.  
"She usually has her mouth filled with hairpins."

**Keeping It.**

"Now, was this car that passed your house on that morning a \* \* \* car?"  
"No, sir; it wasn't a \* \* \*," the witness replied. "It was built more like an automobile."—Bay City (Tex.) Tribune.

**Our Daily Special.**  
A short answer is long remembered.

**Luke McLuke Says:**  
Always remember that if you try to live a double life you will have to do two men's work.

What has become of the old fashioned country lad whose daddy made him walk to church barefooted, but who had to stop and put on his socks and shoes before he entered the church?

We all believe in heaven. But mighty few of us live as though we wanted to be sure of getting there when we die.

When a princess purchases a six carat diamond for 60 cents she has to feel her chin every two seconds to make sure that her chin is still there.

When they are first married they know that filthy lucre can never come between them and that money can never disturb the happiness of their great love. And about a year later they have a battle every Saturday because he is short a dollar in his pay.

Of course we will have to admit that the men are a lot of mutts and that they do a lot of fool things at times. But until we see two of them kiss when they meet on the street we are going to maintain that they have more sense than women.

It has got so in this country that success means losing your health hunting for wealth so you will have enough money to travel around and try to regain your health.

The old time tads who did their traveling in the prairie schooners never worried about icebergs or torpedoes, and they saw America first.

Any old time a man goes to the races and buys a ticket on a horse that is an eleven-year-old maiden which is half turtle and half snail and the rest of the horses in the race fall down and break their legs and his horse wins he spends the rest of his life telling his friends that Pittsburgh Phil and Riley Granman were blind babies at the racing game.

This business of naming babies after presidents has its drawbacks. In a few years from now many a public school yard will be the scene of many a rough and tumble fight between William Howard Taft Smith and Theodore Roosevelt Jones.

**Taking Pains.**

"I mean she wears shoes two sizes too small for her. If that isn't taking pains what is?"—Houston Post.
